

# Certificate of da Vinci® System Training As a Console Surgeon

## Teixeira De Sousa

has successfully completed an Off-Site Training program in the use of the *da Vinci* Surgical System as a Console Surgeon. This program consisted of didactic and practical skill application sessions covering the components and use of the *da Vinci* Surgical System and *EndoWrist*® Instruments. Additionally, a training laboratory was conducted providing utilization of the *da Vinci* Surgical System for key technical System skills as a Console Surgeon. A report of the skills metrics collected during this program, if any, has been provided to the surgeon. Surgical team roles, responsibilities, and emergent management of the *da Vinci* Surgical System were emphasized.

& Program Services

**Limitations of Intuitive-Provided Instruction:** Training provided by Intuitive Surgical is limited to the use of its products and does not replace the necessary medical training and experience required to perform surgery. Intuitive's role is to facilitate peer-to-peer clinical teaching. Intuitive Surgical does not teach surgery, nor does it provide or evaluate surgical credentialing. PN 1000524 Rev E 5/16
